Dear (b) (6) :

This is in follow-up to your request for information regarding the sampling investigation conducted by EPA at the Upper Columbia River in Spring of 2001.

Please find enclosed a copy of the draft EPA report summarizing the findings of the 2001 sampling investigation. I have also enclosed information about studies conducted by other federal agencies at the River.

I hope you find the enclosed information useful to your research project. Additional information may also be found by accessing EPA's Upper Columbia River web site at:

<http://www.epa.gov/r10earth/>

Click on "Index," then "U," and then
"Upper Columbia River"

We appreciate your interest in EPA's activities at the Upper Columbia River. If you have any questions, please do not hesitate to contact me at (206) 553-0323 or via e-mail at tonel.monica@epa.gov.

Sincerely,

Monica Tonel

Dear Ms Tonel,

Hello, our names are (b) (6). We are (b) (6) at (b) (6) in Spokane, Washington. We are doing a research project on Lake Roosevelt and the article that Karen Steele wrote off your information told us that if we wanted more information we could e-mail you. The information really helped us and we were wondering if you could send us more information on the pollution research.

Thanks,

(b) (6)
